

RESTORING HOPE

a ministry to ORPHANS

Mission Statement

To impact the outcome for abandoned children, and raise the status of the orphan in the eyes of the Church and the world to a level consistent with Biblical principles.

Goals

To glorify God by expressing His care for orphaned or abandoned children so that they:

1. Survive the institutional experience with their health and dignity intact.
2. Become or remain healthy enough to be adopted, thereby ceasing to be orphans.
3. Are prepared through training and relationship to transition from institutional life.

We Believe...

1. Scripture draws our attention to the plight of orphaned children.
2. Ministry to orphans should primarily be the responsibility of the local church.
3. Ministry to orphans should be intentional, informed, and yield measurable results.
4. All churches, regardless of location, can have a strategic plan to impact some of the 16 million orphaned children in the world.
5. While all works of service should glorify God, orphans not capable of responding to the Gospel, still deserve our compassion.

We Provide...

1. Expertise – through extensive research and fieldwork we have assessed most of the current approaches to improving the outcome for orphans.
2. Experience – we have initiated or participated in orphan programs in 11 cities throughout 7 countries since 1995.
3. Commodities – we can generally source medicines, clothing, hospital equipment, food, vitamins and special supplements.
4. Teaching – we provide training and materials to churches and fellowships interested in mobilizing a response to the real needs of orphans.

If you or your church would like to connect directly with orphans in need, please let us know.

We can help.

WWW.ORPHANS.CA

Throughout the world orphans are commoditized, exploited, abused, and rejected.

“True religion is this; go to the help of widows and orphans, and remain untainted by the world.”

James 1:27
